TWENTY-TWO MEN KILLED IN A MINE

Explosion of Fire Damp in Cummock Coal Mine Yesterday.

BROKEN SAFETY LAMP

There Were Fifty Men in the Mine But Only Twenty. Two Killed.

MINE HAS DREADFUL RECORD

Raleigh, N. C., May 15—[Special Telegram]—Twenty-two men were killed in the Cummock coal mine, forty-five miles from here yesterday by an explosion of fire damp.

The known dead are:

JOHN CONNOLLY, superintendent.
JOE GLASS.
WM. TYSON.
JAMES M'CARTHY.
JOHN HANCKNER.
WESLEY CLEGG.
JOHN WILLETT.
ROBERT GATEWOOD.
SAM WHITE.
SIMON M'INTYRE.
DAN GOLDSON.
JOE EGAN.
WILL REEVES.
ROBERT REEVES.
ALBERT BYNUM.
JOE TAYLOR.
JIM MACK.
JOHN PALMER.
PETER PALMER.
JAMES PALMER.
JOHN HUBBARD, colored
TWO UNKNOWN.

The explosion occurred in the east heading and was probably due to a broken guage in a safety lamp.

There were fifty in the mine but none outside of the east heading were injured. All the bodies have been recovered.

Forty-two men were killed in the same mine in December, 1895, by an explosion of dynamite.

Raleigh, N. C., May 23.—News has reached here of a terrible disaster at the Cumnock mines in Chatham county, this state. Fifty men are reported killed. The Cumnock coal mines are located near the Sanford, Greensboro & Mount Airy railroad, which runs from Sanford to Mount Airy by way of Greensboro. Cumnock is fifty miles from Greensboro, and the mines are several miles off the railroad, on a road which is owned and operated by the company controlling the mines.

Asheville, N. C., May 23.—It is reported that an explosion occurred in the Cumnock mines. About sixty miners were killed. It is hardly probable that the report can be verified for several hours.

TO SELL THE MATTOON FARM

Brotherhood of Engineers Decides Not to Build a Veterans' Home

Milwaukee, May 23—There will be no home at Mattoon, Ill., or elsewhere for aged and disabled engineers. The brotherhood after an all day's session on the proposition to establish on the farm near Mattoon owned by the brotherhood a home for aged and infirm engineers decided to sell the property.

The matter of the purchase or erection of an office building at Cleveland will come up tomorrow and from today's action seems very unlikely of passage.

WEDDING IN MARINETTE, WIS.

Kathryne McLaughlin Becomes Bride of I. Watson Stephenson

Marinette, Wis., May 23—The wedding of Miss Kathryne McLaughlin to I. Watson Stephenson, son of ex-Congressman Isaac Stephenson, took place here last night. The ceremony was performed at the Stephenson residence by the Rev. T. S. Anderson, the Presbyterian pastor. Among the presents were a $15,000 residence and a $500 chest of silver. Mr. and Mrs. Stephenson left last night on a wedding trip through the East.

SECURE A SABBATH CLOSING

Miles City Saloonkeepers Granted Privilege of Sunday Closing.

Miles City, Mont., May 23—Saloonkeepers of this place petitioned the common council for permission to close their places of business on Sunday. The petition was finally granted after a heated debate, one or two members having raised the objection that some of the citizens might feel the need of a drink and would be compelled to go to a neighboring town to get it. An ordinance was passed allowing saloonkeepers to close until September 1.

TAYLOR AFRAID TO RETURN

Fears Assassination If He Goes Back to Kentucky.

Indianapolis, Ind., May 23—Charles Finley and W. S. Taylor spent the day at their quarters at the Denison hotel. Independent afternoon papers criticised editorially Gov. Mount's position and charge that he has violated that clause in the constitution of the United States which makes the delivery of a person so charged mandatory.

Mr. Taylor said today: "It is an awful thing to be exiled from the place of my birth from the state that honored me with the highest office, with my wife and children. Yet I know as you know that on my return to Kentucky I would be incarcerated with no chance for bail or for that matter exposed to assassins who have awaited an opportunity to wreak vengeance on me. I cannot say that I will or will not be a candidate for governor of Kentucky this fall.

CALVIN KIMBLERN LYNCHED BY A MOB

Colored Wife Murderer at Pueblo, Colorado, Strung Up to a Telephone Pole This Morning.

Pueblo, Colo., May 23—[Special Telegram]—Calvin Kimblern was lynched by a mob at one thirty-three o'clock this morning. He was arrested at Denver yesterday and brought to Pueblo by the sheriff. Within five minutes after his arrival, the mob seized Kimblern, tied a rope about his neck and dragged him through the streets.

The crowd finally stopped and hanged him to a telegraph pole.

The rope broke twice, but the third attempt was successful.

Kimblern was a negro employe in the home for feeble minded. Last Sunday he shot his wife and then murdered two little orphan girls because they had repeated to his wife threats made by Kimblern.

IT RESULTED IN A BIG LAW SUIT

Suit is Against Policy Holders of the Mutual Fire Association of Eau Claire, Wis.

Eau Claire, Wis., May 13—Complaints in a suit, the title alone of which takes over twelve closely type-written pages to set forth, have been served on over 715 defendants. The plaintiffs in the case cover over three-quarters of a page. The 700 defendants include almost every lumberman, banker, and business man in the city, and in many places around the state.

The case grows out of the mutual fire association, organized in this city some dozen or more years ago, and which went into the hands of a receiver a few years ago, J. A. Smith, the insurance man, being appointed receiver.

Last winter Judge O'Neill granted a motion of certain creditors and released Mr. Smith and appointed R. K. Boyd receiver. It is said that the suit involves approximately $65,000, and takes in practically every policy-holder of the company. The individual accounts are small in the main—running from $7 up to $300 and $400. The accounts that run into the hundreds are comparatively few. The Mutual Insurance company affairs have been dragged into court from time to time for the past few years.

Another and similar action will be commenced against the Lumberman's Insurance company, also an Eau Cau Claire concern. The defendants in this suit are mostly identical with those of the first. In this case the amount involved is said to be $30,000.

In the Mutual Insurance matter it is an old suit re-organized and the plaintiffs are made defendants. The case will come up at the September term of court, and will probably last at least thirty days.

BADGER W. C. T. U. IN SESSION

Convention at Oshkosh Addressed By Prominent Members

Oshkosh, Wis., May 23—The twenty-seventh annual convention of the Wisconsin Woman's Christian Temperance union opened in this city yesterday. There are 200 delegates in attendance. The secretary reported an increase of 800 members during the year, and the treasurer a balance of $285. The feature of the session was the president's address by Mrs. Upham. Last evening a "welcome night" program was given.

SCOFIELD IS WILLING TO RUN

Governor Would Be a Republican Candidate for Vice President

Milwaukee, Wis., May 23—Gilbert A. Vandercook, state timber agent, and Governor Scofield's personal representative, said today the governor would be willing to offer himself as a vice presidential candidate for the republican party if there were any indications of the nomination being pointed this way.

The governor himself was in town today in close consultation with leading politicians. Just how he will reconcile this new ambition to the fact that only a week ago he strongly recommended Henry C. Payne for the vice presidency is puzzling politicians, but it does not worry him and it is thought that he and Mr. Payne have a perfect understanding regarding the candidacy of each other

WAS MET WITH A GALE OF HISSES

MOTHERS' CONGRESS THINKS MEN DO LOVE WOMEN.

Statement to the Contrary Calls for Vigorous Protest—Prof. Chrisman Refuted—Tom Smith Replies Sharply—Fair Delegates Applaud His Defense of Masculine Humanity.

Des Moines, Iowa, May 23—At the National Congress of Mothers here yesterday afternoon 3,000 women hissed again and again the statement made by Oscar Chrisman, A. M. Ph. D., of the Kansas State Normal school, professor of paedology, or child study, in an address before the congress that women love but men do not.

"No! No!" was shouted by hundreds of the women present.

"Men never love" said the professor, "what is called love in men is merely physical passion!"

Instantly the big convention hall was filled with hisses. Then the professor tried to elucidate his statement. He went on:

Woman Loves, Man Reasons.

"In ages past feminity meant weakness, but today it means strength. Woman alone, I say, loves. Man reasons. Woman is made to love and man to reason. You should teach your daughters to prepare for wifehood and motherhood and for their life of love. Why do you fix up your girls in fine clothes and send them to parties? For no other reason in the world than to make them marriageable."

Again the hisses began, and they continued until the Kansas professor was obliged to abandon the attempt to deliver his part of his address.

As Professor Chrisman sat down Mrs. Winfield S. Hall of Berwyn, Ill., arose and declared in vehement tones that the position of the professor was radically wrong. Half a dozen more women sprang to their feet, but President Madame Birney recognized a modest looking little man in a suit of gray clothes over in a distant corner of the auditorium, and he began to speak.

Resents the Statement.

"I resent the statement of the gentle man from Kansas that there is no love in man," he said. "We all know this is not true. The idea that man's feeling for woman is limited is false. It is a shame for a man to come before a body of women like this, or before any body anywhere, and make such statements. It is a shame. I resent in behalf of men, and I don't care whether the man who makes the statement comes from the east or the south or from Kansas. It is not the truth, whoever says it."

At the conclusion of this speech the women cheered for about ten minutes and vociferously demanded to know the speaker's name.

"It's just Smith. Tom Smith of Harlan, Iowa," said the little man, and "Tom Smith of Harlan, Iowa," went down in the records as a defender of men before the mothers' congress whilst Professor Chrisman Ph. D. received no end of condemnation.

The meetings of the congress yesterday were well attended and full of interest. More than 1,000 delegates were in attendance from out of town. Governor and Mrs. Shaw received the delegates in a formal reception at the state house last evening.

TO REDUCE WAR TAXES

Ways and Means Committee of the House Is to Draw a Bill During the Recess.

Washington, May 23—The republican house leaders have indicated their intention to reduce the war taxes at the winter session of congress. The growing surplus in the treasury, the likelihood of decreasing military demands in the Philippines and the restiveness of the business interests of the country under the tax have all had their effect in favor of reduction, and it is probable that if time remained for the preparation of a bill action would be taken at this session.

The time is too short, however, so that a resolution will be prepared today to give the committee on ways and means leave to sit during the recess of congress. The committee will meet next autumn, when a measure will be prepared for presentation to the house immediately after it convenes in December.

Mr. Payne's resolution for a sine die adjournment June 6 was favorably reported today.

State of Kansas Democrats

Wichita, Kas., May 23—[Special Telegram]—The Democratic state convention today selected J. G. Johnson, David Overmeyer, John H. Atwood and C. W. Brandenburg to the Kansas City convention. The Chicago platform was indorsed, tariff for revenue only, colonial government denounced and sympathy for the Boers expressed. Instructed for Bryan.

Taylor and Finley Armed

Indianapolis, May 23—[Special Telegram]—Both Taylor and Finley are heavily armed, fearing an attempt to kidnap. Mount is reported to have said he would order two companies of militia ready for duty. Public sentiment is unfavorable to Governar Mount's action.

SPOONER DEFENDS FILIPINO POLICY

ONLY MANLY AND PATRIOTIC COURSE OPEN TO M'KINLEY.

Sits Down Hard on the Pestiferous Pettigrew Who Champions the Cause of the Rebels Against Uncle Sam's Authority—President is Only Doing His Duty.

Washington, D. C., May 23—In the senate yesterday afternoon Mr. Spooner made a notable speech in favor of the bill providing that upon the suppression of the insurrection in the Philippines the government of the islands shall devolve upon the President until such time as congress shall direct otherwise. Mr. Spooner was almost too ill to stand, but he defended with characteristic vigor and eloquence the policy of the administration in the Philippines, maintaining that no other policy in the circumstances was possible and that none other could have been adopted without dishonor to the country.

In Sharp Colloquy

Mr. Spooner read a portion of a proclamation issued by one of Aguinaldo's leaders warning the Filipinos in Manila that upon a specified date "all others will be exterminated without compassion after the extirmation of the army of occupation."

"Was there ever anything worse than that?" he demanded.

Mr. Pettigrew interrupted Mr. Spooner to declare that no such order or proclamation was ever issued.

Mr. Spooner replied that it was contained in an official document issued by the government.

"I asked for and received from the War department six months ago a copy of that very order," interjected Mr. Davis, chairman of the foreign relations committee.

"I deny that any such order was ever issued," shouted Mr. Pettigrew, "either by Aguinaldo or any of his subordinates."

"The trouble with the senator from South Dakota," replied Mr. Spooner, "is that everybody is a liar who does not help to make his case against this government. (Applause.)

Mr. Pettigrew Protests

"I protest against the use of such a document," said Mr. Pettigrew. "It is false and it ought not to be here."

"Well, it is here," retorted Mr. Spooner, warmly, "and here it is going to stay. Does the senator deny that this an official document?"

"Well, it may be an official report of Gen. Otis," replied Mr. Pettigrew, "but it is a contradiction of other information from the Philippines."

"The senator may have sources of information among his friends in the Philippines, but I may be permitted," suggested Mr. Spooner, suavely, "to doubt that they are better than Gen. Otis." (Laughter.) Continuing Mr. Spooner said:

"Say what you choose about the President; he has been grossly insulted in this chamber, but he has done his duty and done it in a way to impress on the Filipinos his desire and the desire of the American people to do them good—to give them the largest liberty possible, and he has done it in disregard of hostile criticism at home; he has done what under his oath he was obliged to do; he has sent United States troops to enforce the authority of the United States over territory of the United States."

GIRL'S ATTEMPT AT MURDER

Puts Broken Glass in Food of Her Parents and Sisters.

Chippewa Falls, May 23—Laura Humber, 12 years of age, daughter of Mr. and Mrs. John Hunter, was brought into court here charged with attempting to murder her parents and three sisters. The girl broke up glass into fine particles and put it in several articles of food about to be served but the glass was discovered by one of the sisters before any of the food was eaten. According to the father's story the girl is utterly depraved. Judge Condit committed the girl to the Industrial School at Milwaukee.

HAD ENOUGH FIGHTING

Two Companies Surrender With Their Rifles and Ammunition to Colonel Liscum.

Manila, May 23—Two companies of insurgents surrendered to Colonel Emerson H. Liscum at Tarlac yesterday. They included a major, a captain, four lieutenants, 163 men and 168 rifles and ammunition. The enemy intimated their intention to surrender by a letter sent to the president of Tarlac who communicated it to Colonel Liscum.

Captain Tinio, a nephew of General Tinio, and twenty-three other rebels were killed May 18, by scouts in an engagement near Malibicong, province of Ilocos. There was no loss on the American side. With the men were captured twenty-three rifles, horses and saddles.

The rebel colonel, Almeda, who was paroled April 23, arrived here last evening and has been making incendiary speeches.

Frank Krause Hanged.

Allentown, Penn., May 23—[Special Telegram]—Frank Krause, who killed Maggie Cuth and Owen Kern, March 1999, in a jealous frenzy, was hanged this morning. He left a letter of confession.

BANK TO PAY CLAIMS IN FULL

Plankinton Expected to Give Nearly 100 Cents On the Dollar.

Milwaukee, Wis., May 23—It was announced today that the creditors of the Plankinton bank may realize nearly 100 cents on the dollar on their claims. Under the new receiver so many so-called dead assets have been made good and old claims collected that had been claimed as worthless that now it is hoped all claims may be paid in full.

This summer another dividend of 5 per cent. will be declared and still another of the same amount before the close of the year. This will make a total of 75 per cent. of the claims due and leave a large amount of assets on hand, which by proper handling will be made available soon.

The proved claims against the bank amount to $1,087,000, and the payment on that this year will amount to $150,000.

VOTE TO ABOLISH THE TIME LIMIT

Methodist Pastors Can Hereafter Stay With Charges as Long as They are Wanted.

Chicago, May 23—[Special Telegram]—In the Methodist conference this morning it was voted to abolish the time limit for pastors, four hundred and thirty-five to two hundred and thirty-one.

St. Louis, May 23—[Special Telegram]—The Presbyterians spent the entire morning considering the report of the board of foreign missions.

UNCLE SAM WANTS THAT INDEMNITY

Griscom Has Handed the Turkish Minister of Foreign Affairs Another Strong Note.

Constantinople, May 23—[Special Cablegram]—Griscom yesterday handed another strong note to the Turkish foreign affairs minister, demanding prompt payment of the indemnity claim.

SHRINERS TO MEEET IN KANSAS CITY

Place and Date For 1901 Meeting—Lon B. Winsor Elected as Imperial Potentate.

Washington, May 23—[Special Telegram]—Kansas City, June 11, 1901, was selected as the place and date of the next annual meeting of the shriners. Lon B. Winsor of Reed City, Mich., was elected imperial potentate.

BOER COMMISSIONERS TO MAKE A CRUSADE

Reason Why They Have Not Submitted Their Official Credentials to State Department.

Washington, May 23—A gentleman who is in the confidence of the Boer commissioners explains that they have not presented their credentials and have avoided a recognition of their diplomatic character in order that they might not be hampered in the crusade which they propose to make throughout the country.

Recognized envoys of a foreign country cannot properly indulge in such a movement, and etiquette absolutely forbids them from showing interest in the politics of the country to which they were accredited, as Sir Sackville West, who was British minister during the first Cleveland administration, learned to his sorrow; but there is nothing in our laws to prevent a party of private citizens from the South African republics seeking sympathy and aid against their enemies or promoting the election or defeat of any particular candidate for office.

T. St. John Gagney, the representative of the citizens' committee of New York, who accompanied the Boer delegation here, declares that they are going into the political field as soon as they finish their business at Washington, and that when they get through with McKinley he will not have enough votes to count. Mr. Fisher says, however, that Mr. Gaffney is not authorized to speak for them.

Furniture Export is Growing.

Washington, May 23—Last year the United States sent furniture to eighty-four different countries, the total valuation being $3,571,375. The trade is growing rapidly and American chairs, beds and tables can be found not only in every civilized country but wherever the inhabitants are not entirely savage. Almost every country mentioned in the geography appears in the list of exports and all the islands of the seas. Great Britain is our best customer and takes nearly one-third of the entire exports; Canada comes next on the list; British Africa third and Australia fourth.

Aged Farmer Hangs Himself.

Reedsville, May 23—[Special Telegram]—August Stockton, an aged farmer, hung himself in his barn this morning. No cause was given. Mr. Stockton was 98 years of age

STEADY ADVANCE OF THE BRITISH

The Large Division Under Hamilton Has Now Reached Heilborn.

FRENCH ALSO MOVES UP

Gen. Roberts with the Main Force Has Advanced to Hogins-Pruit.

BOERS WILL NEVER GIVE UP

London, May 23—[Special Cablegram]—Gen. Roberts reports the advance forces under Hamilton have reached Heilbron after considerable fighting while Roberts himself with the main force has moved up to Hoginspruit. Broadwood captured fifteen Boers and their wagons. Seventy-five casualties fell to Hamilton's forces yesterday.

French Moving Forward

Kroonstadt, May 23—[Special Cablegram]—Gen. French crossed Rhenoster river thirty miles north. Steyne left Heilburn Sunday, his destination is not known.

Col. Baden-Powell Reports

London, May 23—[Special Cablegram]—Col. Baden Powell reported today on the relief of Mafeking on May 18. The northern and southern columns joined hands on May 15 and attacked the next day. After a small engagement he defeated the enemy with loss. The British casualties were three killed and twenty-two wounded. The relief force marched into Mafeking at nine o'clock. Then the relief and defense force combined moved out and attacked the enemy's head laager. They shelled them out and nearly captured Snyman. They got one gun, a flag and a quantity of stores. Five dead and fifteen wounded Boers were found on the field. The enemy retreated in all directions.

800 Boers Surrender

Kimberley, May 23—[Special Cablegram]—Eight hundred rebels have surrendered to the British at Vryburg.

BOERS WILL FIGHT TO A FINISH

Preparations Under Way to Defend the Capital of Transvaal

London, May 23—The Transvaal government has informed the correspondents at Pretoria that it has not considered and does not intend to consider unconditional surrender but will fight to a finish.

The foreign consuls have been informed that Johannesburg will be defended and the government announces that it will not hold itself responsible for injury to person or property resulting from the defense measures.

Pretoria dispatches affirm that President Kruger, President Steyn and all the most prominent leaders of both republics after a prolonged interchange of views, are determined to continue the resistance, but that a minority of the leaders advocate surrender without terms.

Mrs. Reitz, wife of the Transvaal state secretary and her family, with the families of other officials have gone to Lourenzo Marques. Johannesburg and Pretoria are being cleared of noncombatants. The Boer chiefs, who now recognize the possibility that they will have to defend these cities are preparing with the utmost haste. The Boer spirit has been rising from low ebb and is now ready for a steadfast resistance.

RATE TO ENCAMPMENT

Badger G. A. R. Meeting At West Superior Wants a One Cent Mile Railway Fare.

Madison, Wis., June 23—Department Commander S. H. Tallmadge is trying to get a 1-cent railway fare for the State encampment at Superior June 20 and 21. The railroads have consented to give a fare of 1½ cents. The department commander believes that if a 1-cent fair is secured, the attendance at the encampment will be large, perhaps double that with the fair now offered by the roads.

The headquarters of the department will be at the West Superior hotel. During the National encampment in Chicago the last week in August the Wisconsin headquarters will be at the Sherman house.

The impression prevails in Grand Army circles here that the contest for department commander, to be elected at Superior, will be close between Dave Jones of Richland Center and W. R. Hoyt of Chippewa Falls.

Fire at Kilbourn City

Kilbourn City, May 23—[Special Telegram]—Fire broke out in the general store of D. McManman & Co., but the building and part of the stock was saved. When the window was first broken in one of the firemen took out a large bundle of rags which had been saturated with kerosene. The loss will exceed $3,000.

SEBREE PURCHASES CHICAGO HOTELS

MARRIED HIS WIFE IN THE BOWER CITY.

H. A. Baker of This City, Is Now Day Clerk at the Hotel Morrison—Property Well Known to Janesville People — Much Money Changed Hands in Nine Minutes' Time.

J. K. Sebree who married Miss Stevens, a former well resident of this city in Chicago, in nine minutes time made the purchase of F. L. Murray's interests in the Hotel Morrison and the Saratoga hotel for $110,000. Mrs. Sebree while a resident of this city resided with her parents at the Franklin hotel, which at that time was known as the Stevens house. H. A. Baker of this city is now acting as head clerk at the Hotel Morrison.

Sebree and Murray have owned and conducted both hotels for some time. Yesterday morning Murray returned to Chicago from California About noon he walked into the office of the Saratoga and offered to buy Sebree's interest or sell his own interests in the hotel properties for $110,000. "I buy," answered Mr. Sebree, and in nine minutes the cash was paid.

The Morrison Hotel is located at the southeastern corner of Madison and Clark streets and cover 90x99½ feet of ground. The hotel is eight stories high. The Swift commission valued the building at $97,000 and the ground at $797,000.

The Saratoga Hotel is located at 155-161 Dearborn street, covers 128x120 feet of ground, is school fund property and the building is valued at $131,970.

Dr. Sutherland delivered an address taking for his subject. "Fractures and Dislocations of the Femur and Their Treatment." He will also deliver an address on "Diabetes."

The convention opened at 10 o'clock this morning with reports of officers and committees and the appointment of special committees. At 11 o'clock reports were received of Bureaus on Surgery, Clinical Medicine, Opthalmology, Orthology and Laryngology.

The president's annual address will be given tonight at a banquet in the Plankinton house for which Dr. H. B. Dale of Oshkosh will act as toastmaster.

The election of officers will be held tomorrow afternoon.

The ancients believed that rheumatism was the work of a demon within a man. Any one who has had an attack of sciatic or inflammatory rheumatism will agree that the infliction is demoniac enough to warrant the belief. It has never been claimed that Chamberlain's Pain Balm would cast out demons, but it will cure rheumatism, and hundreds bear testimony to the truth of this statement. One application relieves the pain, and this quick relief which it affords is alone worth many times its cost. For sale by Smith's Pharmacy, next to post office, Kodak agents.

REV. J. T. HENDERSON ACCEPTS THE CALL

NEW PRESBYTERIAN DIVINE FOR THIS CITY.

Will Preach Here the First Sunday in June—Comes Highly Recommended From Park College and the Rev. Pence—The Church Now Talks of Erecting a Parsonage.

The Rev. J. T. Henderson, chaplain of Park College, Parksville, Mo., has notified the Presbyterian church of this city that he will accept the call June 1.

Rev. Henderson comes highly recommended by the Rev. E. H. Pence, former pastor of the church. He also leaves Park College against the wishes of both the students and faculty. He recently preached in this city and those who heard him were much impressed by his sermons. Rev. and Mrs. Henderson will both receive a most hearty welcome to Janesville.

The Presbyterian church congregation is now talking of adding a parsonage to their property although no definite move in this direction has yet been made. Rev. Henderson's acceptance was received in a letter late yesterday afternoon by M. H. Soverhill.

The university regents extend a cordial invitation to all interested in educational progress, to visit the college of agriculture and other departments of the state university, on reaching Madison Tuesday, June 5. Every effort will be made on the part of the college force to make the visit instructive as well as entertaining."

BRIEF BITS OF COUNTY NEWS

LIMA

Lima, May 22—Mrs. Carrie Saxe went to Hart Prairie Saturday where she has a large class in music.

Died, at his home in this village Saturday, May 19, 1900, Franklin Gould, aged 75 years, 2 months and 6 days. Mr. Gould was born in the town of Orleans, Jefferson county, N. Y. He came to Wisconsin in 1848 and on September 27 of the same year was married to Miss Mary Ann Frazier. Soon after his marriage he returned to New York where he remained until 1860 when he again came to Wisconsin and settled in Lima where he has since resided. Besides a wife he leaves two sons, a brother, five grandchildren and one great grand child The funeral was held at the home on Monday at 2 p. m., Rev. Perry officiating.

It is expected that Presiding Elder Stevens will preach in the M. E. church at 2 p. m., Saturday, May 26.

Mr. and Mrs. D. A. Jenkins are enjoying a visit from her brother, Samuel Ellsworth of Aurora, Ill.

Among those from out of town who came to attend the funeral Monday were A. O. Hall and wife, E. B. Finch and wife, Mrs. E. Blish, Mrs. H. Charles, Mrs. A. Dixon, W. F. Saxe and C. Teetshorn of Whitewater.

SHOPIERE

Shopiere, May 22—The numerous friends of H. Clark will be glad to hear of a slight improvement in his condition. Memorial Sunday will be observed by union services in the Congregational church next Sabbath. All veterans are invited to attend. The usual exercises will be held in our village on Decoration Day. The Ladies' Aid society intends to serve ice cream on Mrs. Humphrey's lawn after the services are over. Our obliging butcher, E. Watt of Clinton, brings fine meat to Shopiere customers three times a week. S. K. Sweet is putting a new roof on his home. The school is making plans for a fine program to be rendered June 8th.

LA PRAIRIE

La Prairie, May 22—Will Howard is the happy owner of a new surrey. Mrs. P. A. Read is suffering from a severe attack of mumps. The little son of Mr and Mrs. William Reeder was severely burned on his face and arms by a falling oven door of the cook stove. Decoration exercises will be held in most of the schools. Delos Chase of Fremont, Neb., is visiting friends and relatives in this locality.

BARKERS' CORNERS.

Barkers' Corners, May 22—The association of Mount Pleasant cemetery will hold their annual meeting at the cemetery Saturday afternoon of this week at 1 o'clock. Miss Ida Hodge is visiting in Beloit. Mrs. George Phillips and son Wesley are spending a few days at the home of Robert Horne, Mrs. Phillips' father.

WEEK FAVORABLE FOR FARM WORK

CORN PLANTING NEARLY COMPLETED IN MANY SECTIONS.

Rye Beginning to Head and Promises a Good Crop—Cold Weather Has Retarded Oats and Barley — Grass and Pastures Poor—The Weekly Crop Bulletin.

The Wisconsin climate and crop report for the week ending last night is as follows:

Temperature: The average temperature for the week was slightly below normal, ranging from 63 degrees over the southwestern counties to 48 degrees along Lake Superior. The week opened decidedly warm, the temperature on Tuesday being generally above 80 degrees, but during the afternoon a rapid fall occurred and cool weather prevailed for the remainder of the week. Light frosts occurred over the northwestern counties on Thursday night, the temperature at Grantsburg being as low as 31 degrees.

Rainfall; Liberal rains occurred generally in all parts of the state, except in the extreme northwestern counties, where the drought is becoming serious. Along the western border of the state, from the Chippewa river southward, the total rainfall for the week ranged from one to two inches, while over the southern and eastern counties the rainfall, although somewhat less, was generally sufficient for present needs.

Corn: The week was generally favorable for farm work, although too cold for vegetation to make rapid progress. Corn planting has progressed rapidly and is now nearly completed in the southern counties Early plantings have germinated well, but warm weather is needed for later plantings. The soil is in good condition, but too cold for best results.

Winter wheat and rye have made good progress. Rye is beginning to head out and gives promise of a good crop.

Oats and barley: The cold weather has retarded the growth of these crops, but the plants are generally in healthy condition. In some localities barley is reported to have been slightly injured by the frosts, but the damage is not considered serious.

Grass and pastures: The cold weather has not been favorable for the growth of grass and pastures, and in the northwestern counties where the rainfall has been deficient, they are reported to be in very poor condition.

Fruit: The prospect for an abundant crop of fruit of all kinds is very encouraging. Apple and plum trees are loaded with blossoms, and with good weather large crops are assured. Small fruits give promise of excellent crops.

LOOK FOR BIG TOBACCO CROP

Plant Beds at Edgerton Give Very Much Promise.

Edgerton, Wis., May 23—The plant beds for the new tobacco crop are especially forward this season and give every promise of being ready for an early transplanting of the crop. There seems to be an abundance of young plants everywhere throughout the tobacco section, and the only fear is that the growers will not be able to get their fields in readiness by the time the plants are of the proper size for transplanting. Generally the middle of June is plenty early to commence planting the crop, but a good many fields will be set before that date this year. The early set fields, however, stand in greater danger from the ravages of cut worms.

The current issue of The Wisconsin Tobacco Reporter reports 5 cases at 8 and 3 cents and about 30 cases at an average of 6 cents. Also two lots of '97 leaf at 9 cents.

The shipments out of storage from this market reach 775 acres, about 15 carloads for the week past. Over 2,000 cases of cigar leaf were exported from New York during the same period.

Postal Agreement with Spain.

Madrid, May 23.—The queen regent has signed the postal convention with the United States.

Committee Criticises Barcus.

Washington, May 23.—The senate committee on printing made a report of its investigation of the compilation and publication of the message and papers of the presidents. The committee finds that Representative Richardson devoted four years to compiling and indexing the papers. The committee pronounces Mr. Richardson's contract with Publisher Barcus unobjectionable, but criticises Barcus' methods as questionable. Mr. Richardson's receipts have amounted to $11,330.

To Reduce War Takes.

Washington, May 23.—The house leaders have decided to reduce the war taxes at the next session of congress, and a resolution will be prepared to give the committee on ways and means leave to sit during the recess of congress. The committee will meet next autumn, when a measure will be prepared for presentation to the house immediately after it convenes in December.

Mr. Clark's Credentials In.

Washington, May 23.—Mr. Carter presented the credentials of Mr. Clark as a senator from Montana under the appointment of Acting Governor Spriggs of that state. The credentials consisted of the governor's certificate of appointment. Mr. Carter simply asked that the certificate be read and laid on the table. This was done.

Wisconsin Man to Be Consul.

Washington, May 23.—President McKinley has nominated John C. Freeman of Wisconsin, to be consul at Copenhagen, Denmark.

Beckham Dismisses Soldiers.

Frankfort, Ky., May 23.—Gov. Beckham has issued an order dismissing the Democratic soldiers and they will leave for home. Former Adjt.-Gen. Collier, Adjt.-Gen. Castleman and Gov. Beckham held a conference relative to the formal transfer of the state guard and equipments to the Democratic administration. When the Court of Appeals meets the attorneys for the minor Democratic state officials will move to affirm the judgment in the case of the appeal of the Republican minor officials. The Circuit court recently rendered judgments in favor of the Democrats and from this the Republicans appealed.

To Aid Starving India.

San Francisco, May 23.—The ministerial organizations of this city have formed an Indian famine committee, which has called on Mayor Phelan and the various commercial organizations to aid it in raising a fund for the starving people of India. Gov. Gage has consented to act as chairman if the committee can secure co-operation. It is proposed to send a ship load of grain to India.

Coopers' Strike Compromised.

Dubuque, Iowa, May 23.—The coopers' strike begun here two weeks ago has ended with a compromise between employers and employes. The strikers returned to work to-day, having gained only slight concessions.

ELECT BISHOPS AT LAST.

Hamilton and Moore Chosen at the Seventeenth Ballot.

Chicago, May 23.—Dr. David H. Moore of Cincinnati, editor of the Western Christian Advocate, and the Rev. Dr. John W. Hamilton, also of Cincinnati, corresponding secretary of the Freedmen's Aid and Southern Education society, were elected bishops of the Methodist Episcopal church today on the seventeenth ballot at the general conference at the Auditorium. The result of the decisive ballot follows: Total number of votes, 655; necessary to choice, 444; D. H. Moore, 534; J. W. Hamilton, 510; J. R. Day, 104; H. Spellmeyer, 71; T. B. Neely, 41; J. F. Berry, 22; C. J. Little, 13; scattering, 23. The newly elected men were escorted to the platform and introduced by Bishop H. W. Warren, the presiding officer. The whole body of the delegates rose from their seats, acknowledged the introduction and then broke into loud applause, waving handkerchiefs and cheering. By motion it was decided to hold the consecration services of both the newly elected bishops, and also the missionary bishops chosen yesterday, Sunday afternoon.

The Epworth league committee voted down a proposition to fix thirty years as the age limit of membership. The committee on book concern ordered the book stores at Boston, Pittsburg, Cincinnati and San Francisco to close out their stocks of secular books, cut down their clerical forces and deal only in Methodist publications. The Chicago house, 57 Washington street, was excepted in the order because its balance was on the right side of the ledger. The $8,000 subsidy of the Methodist Advocate Journal, Chattanooga, was discontinued, and the appropriation of $12,000 to the Southwestern Christian Advocate, the organ of negro Methodists, was cut to $9,200 for the coming quadrennium.

REVISION CALLED UP

In Presbyterian Assembly — McGiffert Case Settled.

St. Louis, Mo., May 23.—The creed revision question was placed before the Presbyterian assembly by the committee on bills and overtures. Its report represents the unanimous action of that body. When read before the assembly there was an outburst of prolonged applause, which indicated that the recommendations of the committee would likely meet with the approval of the assembly, but not unanimously.

There is some prospect of a lively discussion and a vigorous fight on the part of the very ultra conservatives, who do not want the creed question touched upon in any shape whatever.

The bringing of the McGiffert case before the assembly was settled by a compromise.

Gets Control of Lehigh Valley.

Philadelphia, Pa., May 23.—Announcement has been made that the Pennsylvania railroad has secured control of the Lehigh Valley railroad by the purchase of 66,600 shares for $32.50 a share. The control was obtained, it is said, through agents of W. K. Vanderbilt and J. Pierpont Morgan, and the New York Central is said to be behind the movement.

Plague Spreads in Manila.

Washington, May 23.—Mail reports from the Philippines show that there has been a steady increase in the number of cases of bubonic plague. There were thirty cases in Manila during January, forty-eight during February and fifty-six during March. During the three months approximately 100 cases of leprosy also were discovered.

It is Daily Gaining Favor in Janesville.

Results Reported From People Who Have Given a Fair Trial to the Remedy.

Morrow's Kid-ne-oids, the scientific kidney remedy and backache cure, is daily gaining favor in this city. No medicine has ever been sold in Janesville for Kidney ailments, backache nervousness, sleeplessness and general debility that has gained such popular favor as Morrow's Kid-ne-oids.

We give you the experience of Mrs James Casey, 54 5th ave., says: "I have been troubled for two years with pain across the small of my back. I suffered a great deal from rheumatism in my shoulders and other symptoms of kidney trouble. I tried different kinds of kidney remedies, but failed to get relief. Recently I heard about Morrow's Kid-ne-oids and concluded to give it a trial By using Kid-ne-oids I have been entirely relieved of kidney backache and rheumatism. My son has been completely cured of backache, sick and nervous headaches, by using Kid-ne-oids and Morrow's Liveriax."

Morrow's Kid-ne-oids are not pills, but yellow tablets, and sell at fifty cents a box at all druggists and by The People's Drug Co.

Mailed on receipt of price. Manufactured by John Morrow & Co, chemists, Springfield, Ohio.

Fire at Silver City, Wis.

Milwaukee, Wis., May 23.—Silver City, a large settlement just outside the western limits of Milwaukee, was menaced by a fire that started shortly before midnight. The loss, however, will not exceed $15,000. One block of stores and dwellings was destroyed. A dozen families were made homeless.

To Burn Negro in Pueblo.

Denver, Colo., May 23.—Kimblern, the Pueblo negro murderer, who was captured in Denver, has just been taken from the train at Pueblo by a mob of thousands of citizens, who have a huge bonfire of ties ready to burn him. The officers are powerless to prevent the execution.

Pretty Place in Florida.

One of the most charming and interesting features of the tourist section of Florida is Silver Springs, and it cannot be said that the knowledge of the northern visitor to the Peninsular state is complete without a personal introduction to the primitive beauties that environ this mysterious body of crystalline water and the Ociawaha, into which it empties.

RHEUMATISM

Distorts Muscles, Shatters Nerves, Stiffens Joints.

Is due to an acid poison which gains access to the blood through failure of the proper organs to carry off and keep the system clear of all morbid, effete matter. This poison through the general circulation is deposited in the joints, muscles and nerves, causing the most intense pain

Rheumatism may attack with such suddenness and severity as to make within a few days a healthy, active person helpless and bed-ridden, with distorted limbs and shattered nerves; or it may be slow in developing, with slight wandering pains, just severe enough to make one feel uncomfortable; the tendency in such cases is to grow worse, and finally become chronic.

Like other blood diseases, Rheumatism is often inherited, and exposure to damp or cold, want of proper food, insufficient clothing, or anything calculated to impair the health, will frequently cause it to develop in early life, but more often not until middle age or later. In whatever form, whether acute or chronic, acquired or inherited, ***Rheumatism Is Strictly a Blood Disease,*** and no liniment or other external treatment can reach the trouble. Neither do the preparations of potash and mercury, and the various mineral salts, which the doctors always prescribe, cure Rheumatism, but ruin the digestion and break down the constitution.

A remedy which builds up the general health and at the same time rids the system of the poison is the only safe and certain cure for Rheumatism. S. S. S., made of roots, herbs and barks of wonderful solvent, purifying properties, attacks the disease in the right way, and in the right place—the blood—and quickly neutralizes the acid and dissolves all poisonous deposits, stimulates and reinforces the overworked, worn-out organs, and clears the system of all unhealthy accumulations. S. S. S. cures permanently and thoroughly, and keeps the blood in a pure, healthy state.

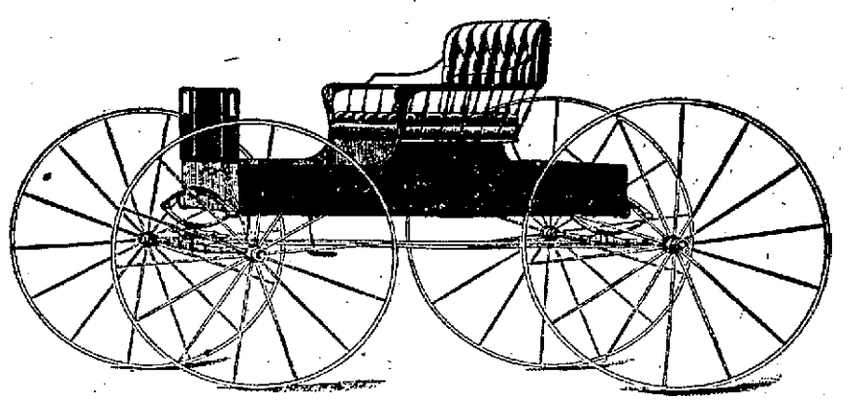

Mr. J. O. Malley, 123 W. 15th Street, Indianapolis, Ind., for eighteen months was so terribly afflicted with Rheumatism he was unable to feed or dress himself. Doctors said his case was hopeless. He had tried fifty-two prescriptions that friends had given him, without the slightest relief. A few bottles of S. S. S. cured him permanently, and he has never had a rheumatic pain since. This was five years ago.

We will send free our special book on Rheumatism, which should be in the hands of every sufferer from this torturing disease. Our physicians have made blood and skin diseases a life study, and will give you any information or advice wanted, so write them fully and freely about your case. We make no charge whatever for this service. Address, SWIFT SPECIFIC CO., Atlanta, Ga.

THE KENTUCKY DECISION.

Governor Taylor, of Kentucky, in the anguage of the craft, has been "sewed up," and must retire from office in favor of Mr. Beckham, the democratic claimant. The courts held that the legislature had full authority, and the Kentucky court had full power to decide. Therefore, the United States Supreme court had no jurisdiction.

It is not claimed that this decision is founded on justice, or represents the merits of the case. It is simply the law.

Taylor, it is conceded, received a majority of the votes cast, but the democratic legislature, voting on party lines, decided that Beckham should be seated. No concealment of the fact that Taylor was the choice of the people was attempted, but the legislature had the power to thwart the public will, and unblushingly did so. The decision of the court simply recognizes the power, but does not commend or justify the act.

Beckham will therefore assume the office of governor, but his incumbency will bear the stamp of unfairness, and the history of the case will live forever. The democratic party will be losers in the end. The republicans were in the majority, and at the next election they will roll up a plurality that will preclude such chicanery in the future. The people of Kentucky are as honest as the people of other states, and they will not countenance such lawlessness.

If the city had a "hustler"—like Street Commissioner Fredericks, for instance—to devote his whole time to sidewalks, damage suits would be as scarce as hen's teeth. Mr. Fredericks is a tireless worker, but Janesville is a larger town than it used to be, and the street commissioner has more work than one man can attend to. The $1,500 recently paid in settlement of a damage suit claim would pay the inspector's salary for at least three years. Isn't it about time to change the system, adopt modern methods, and stop the leak? Let your opinion be heard, tax payers. Your word is law.

H. P. Myrick, managing editor of The Milwaukee Sentinel, is enjoying a well earned vacation. Mr. Myrick is a remarkably industrious worker and it was feared that he had seriously injured his health by too close application to business. A rest and a change will doubtless work wonders, however, and his many newspaper friends will hope that when he returns to his duties a month hence he will be fully restored to health.

Up to the hour of going to press, the city was still spending enough money for rentals, etc., to pay the interest on the sum required to build a modern city hall and library building; and the accommodations provided were still about as unsatisfactory as they could be.

Editor Gazette—Keep up the fight. I have just paid $20 for a cesspool, but would rather pay twice that amount toward a sewerage system. You are doing a good work. The town has been asleep long enough.
"RECOGNITION."

Straws show which way the wind blows.

Perhaps Bob Ingersoll meant when Kentucky went and STAYED republican, despite all crookedness.

OF POLITICAL IMPORT.

The Candidates Listed.

The Madison State Journal classifies the gubernatorial candidates in this way:

An all-around and safe man—Ira B. Bradford, of Augusta, Eau Claire county.

Represents the northeast and the war veterans—Senator DeWayne Stebbins, of Kewaunee county.

Sagacious politically and profoundly versed in public affairs—Senator "Long" Jones, of Waukesha.

A giant in fitness; dependent almost wholly on the efforts of his friends, a moral Gibraltar—Senator John M. Whitehead, of Janesville.

The old soldiers' candidate—General Earl Rogers, of Viroqua.

Magnetic; regarded as a destiny favorite, and the shrewdest of organizers—R. M. La Follette, of Madison.

Governor Scofield—A wise and popular alternative.

Senator J. H. Stout, of Menomonie—An Everybody's Choice at all times.

* * *

Rock is For Whitehead

Evansville Enterprise—Robert M. La Follette has announced himself a candidate for governor; but Rock county will no doubt support Hon. John M. Whitehead of Janesville.

* * *

Cooper For Speaker

A Washington dispatch says: "If by any possibility the House of Representatives should at some future date decide to make a change in the speakership it is believed that Representative Cooper of the First Wisconsin district will come to the front with a very generous following. It is rare that a speaker has failed of re election when his party continues in the majority, and the chances are that Gen. Henderson will be re-elected, yet there are mutterings of dissatisfaction with the Iowa man. He does not seem to have control of the House to the extent that is considered necessary in such a turbulent body.

"He is a most amiable man but he is very much below the Reed, Crisp or Carlisle brand of speakers and it would not be surprising if there should be an element in the republican caucus calling for a change. No one assumes that Mr. Cooper has any ambitions toward the speakership, yet the prominence and record achieved by the Western man during this session have naturally called attention to his abilities as a leader. Mr. Cooper frequently presides while the house is in committee of the whole and members have had opportunities to judge of his capabilities. His management of the Porto Rican resolution in which he successfully contended that the islanders should be protected against franchise grabbers, was a legislative achievement of no small importance. Mr. Cooper and Speaker Henderson are the best of friends and no one supposes that Mr. Cooper has any direct connection with a boom for the speakership in a future congress."

* * *

Interest In Milwaukee.

Milwaukee Evening Wisconsin—Considerable interest in the contest for the republican nomination for governor is now being manifested in Milwaukee. It is said that the candidates most discussed in Milwaukee are Jones, Whitehead, La Follette and Stebbins. All of these men have their followers in Milwaukee, but it is claimed that there is comparatively little Bradford or Rogers talk in this city. That part of Milwaukee which is in the Fifth congressional district has already endorsed "Long" Jones and it is said by an observer that there is more Jones talk in the Fourth district than there is about any other candidate. This is due to the fact that Mr. Jones lives nearby in Waukesha and comes in here almost every day and makes himself agreeable.

Withee Likes Whitehead.

Senator Withee of La Crosse, in an interview with a Milwaukee Sentinel man, commended Mr. Bradford, but also said: "The other candidates are good men, too, and no one thinks more of Senator Whitehead for example, than I do."

Identification.

There are not many men who are better known in Detroit that Detective Pat O'Neil. He has two boys of whom he is justly proud. The other day he was walking with his two sons and meeting several friends he stopped to talk with them. The boys were dressed in exactly the same way and to outsiders they looked as near alike as two grapes in a bunch. "Are they twins, Pat?" asked one of the friends. "Oh, no," replied Mr. O'Neil. "Well, by George, I don't see how you tell them apart," ventured another of the friends. "Oh, that's easy," said Pat. "This one is five and the other is six years old." "No, papa," exclaimed the latter of the two boys, "he's six and I'm five."

But That Was Long Ago.

When Queen Victoria visited Ireland in 1849 she spent a brief time in Belfast. She was accompanied by the prince consort. As he gazed at a collection of linens in the white linen hall, his royal highness conceived the idea of an international exhibition of the manufactures and products of the world. On the return of Prince Albert to London he consulted the late Earl Granville, who corroborated his views, and the result was the great exhibition in Hyde Park, London, in 1851, the first enterprise of the kind the world had ever seen.

The wheat market opened easier but gradually developed strength and closed at good advance for day. There were scattered showers in northwest but not enough rain to change situation. Primary receipts were light and clearances liberal. Liverpool was ¼D. higher and Paris 35C higher. Beerboem, in French countries predicts outlook for winter wheat as prosperous as six weeks ago. Cash demand was better everywhere, sales here very light.

Corn: Heavily bought by leading bulls. Primary receipts were light and clearances large. Cash demand was good and crop reports favorable. Country sales to arrive were very light. Estimated cars tomorrow, 110. Liverpool was 1-4 D. Higher.

Oats: They followed corn and closed higher. There was better shipping demand and more or less covering by shorts. Trade was fairly active.

Provisions: Very quiet but firm and closed 5 cents higher. Cudahy was a good buyer. Shipping demand was good.

Fire in Milwaukee Suburb

Milwaukee, May 23—By a fire in Silver City early this morning, which was undoubtedly of incendiary origin, seven buildings were wiped out in the heart of the suburb and for a time the entire neighborhood was threatened. But for the aid of the Milwaukee Fire department, half a dozen other dwelling houses would have been burned. Loss is nearly $20,000.

TWO BURGLARS SENT TO STATE PRISON

WOLHAUPTER AND PARKS GET FOUR AND FIVE YEARS.

Both Appeared Before the Rock County Municipal Court This Morning on the Charge of Burglary—The Prisoners Had Very Little To Say to the Court.

Clarence Wolhaupter was sentenced to five years in the state prison at Waupun this morning for burglarizing the S. L. James residence in this city on the morning of May 16.

Frank Parke on his plea of guilty to burglary was sentenced to four years in the state prison at Waupun for burglarizing the William Libby residence at the city of Evansville an the night of May 14.

At ten o'clock this morning the two prisoners were brought into the municipal court of Rock county by Sheriff Appleby and Deputy Brown. Wolhaupter was the first to appear before the bar of justice and when asked by Judge C. L. Fifield if he had anything to say why sentence should not be passed the defendant replied thae he had no excuses to make. Wolhaupter stated that he was sent to the state industrial school for boys at Waukesha from this city when he was fourteen years of age. He said that he had no trade to follow. He said that he was twenty-six years of age and that of late he had been making his home in all parts of the country. His mother he said was dead and his father lived in the state of Minnesota but that he had not been living with him of late years. Sentence was then passed.

Frank Parke then stood up and addressed the court. He stated that he was a cigar maker by trade, but that he had been unable to secure work of late. His home he stated was in North Carolina. He admitted being in Evansville on the night four private dwellings were entered by thieves. He said that the watch the police found in his pocket was purchased by him and not stolen. He gave his age as twenty years. The court then passed the four year sentence.

The arrest of the two prisoners was brought about by Chief Hogan of this city a short time after Wolhaupter had entered the James residence at 201 South Jackson street. When arrested a gold watch stolen from the William Libby residence at Evansville was found on Parks. At the time of his arrest Wolhaupter had no watch on his person, but the officers soon afterwards found the stolen timepiece where the prisoner had dropped it.

WOMEN DEADBEATS OUTNUMBER THE MEN

Members of the Janesville Dental Society Make Interesting Discovery in Comparing Accounts.

Members of the Janesville Dental society are making out a list of local residents who are willing to have dental work done but are not willing to settle. This class of people are to be placed on a special dead beat list to be put into the hands of each member of the local society.

A member of the society said to a Gazette man this morning:

"Each dentist belonging to the society is making out his deadbeat list and as fast as possible is placing the same in the hands of Dr. H. A. Palmer, the secretary. If I am to judge from the lists that have already been made out it appears that women deadbeats in the city of Janesville are more numerous with the dentists than are the men. The different amounts that they owe will range from fifty cents to twenty dollars. Some of these women are well known."

During the months of June, July, August and September the members of the local society will close their offices on Saturday afternoons. Following are the members of the Janesville Dental society: Drs. Peirce, Hart, Palmer, Devereaux, Holsapple, Wells, Powell, Leslie and McCausey.

LOCAL BOAT OWNERS FORM ASSOCIATION

MEETING FOR THAT PURPOSE CALLED FOR TONIGHT.

Several Valuable Crafts Are Owned by Local Parties—These Boats Have Caused a Considerable Outlay of Cash—Many Favor the Clearing of the Stumps and Stones.

Owners of private launches and crafts that ply the waters of Rock river in the vicinity of this city have called a meeting for this evening to be held at the office of Dr. E. H. Dudley. The object of the meeting is to bring about the formation of an association that will prove of mutual benefit to the members. In the neighborhood of fifteen private launches are the property of residents of the city of Janesville. Said a well known boat owner:

"For time past we have been talking of forming some society that would prove of mutual benefit to all the owners of private crafts in the city of Janesville. One thing that we want to do is to clear the river of stumps and rocks between the upper dam and Indian Ford. We also want to stop certain bad boys in this city from mutilating the boat houses in the vicinity of the upper railroad bridge. Boys should also be prohibited from bathing in the river without first being provided with a proper bathing suit. We may also plan a water carnival later in the season. We expect that Capt Alexander Buchholz will join us in forming this association".

ROCK RIVER FARM SUMMER RESORT

CLINTON FARMER WILL GO INTO AMUSEMENTS.

Strawberry Social at the Town Hall, Smithton, Saturday Evening—Business Meeting of the United Workers—Silver Forks and Spoons for a Church—News Notes.

Thomas J. Lanphier of this village is making arrangements to convert his Rock river farm into an amusement resort, where during the summer months, residents of heated cities can enjoy an evening's sport and get a breath of cool country air. Mr. Lanphier's farm, which consists of 122 acres, is on the main highway and nearly midway between Janesville and Beloit and extends between Rock river and the Chicago, Milwaukee & St. Paul R. R. He proposes to erect a dancing hall including all modern equipments and will push the work right along so as to be ready for business when the season opens. Mr. Lanphier is one of three brothers all of whom are wealthy, the other two, George A. and James residing in Janesville.

There will be a strawberry and ice cream sociable in the town hall at Smithton on Saturday evening, May 26. It is held under the auspices of the Mystic Workers. Everyone is cordially invited. Efforts are being put forth to make it a great success. There will be a short program. A large attendance is desired and expected.

A business meeting of the United Workers will be held at the church on Wednesday afternoon at 3 p. m.

The Congregational society have under consideration the purchase of silver spoons and forks to the amount of sixty dollars for use at the church suppers.

AMERICAN COAL EXHIBIT

Unprecedented Display Being Prepared For Paris Fair.

MANY FINE SAMPLES COLLECTED.

One Is a Section of a Coal Vein Over Twelve Feet High—Statistics of the Industry as Well as Many Photographs Will Be Shown.

One of the most interesting as well as the most extensive of the mineral exhibits at the Paris exposition will be that of coal and coke, collected by F. E. Saward, honorary special agent of the department of mining and metallurgy, says the New York Times. This exhibit will be in the United States building, in the center under the rotunda, in cases specially provided. There have been fully 130 samples of coal and coke collected, weighing from 6 pounds up to 500 pounds, and there is one sample that will weigh much more, as it is a section of a coal vein found in West Virginia and is about 12 feet high.

It was at first very difficult to convince the producers of coal in the United States that any result would be obtained from such an exhibit, as they thought there was but little prospect of the shipment of American coal abroad, and it was only after considerable effort had been expended and their patriotic instincts had been invoked that they were persuaded to do so. The difficulty was particularly great in procuring an exhibit from those states distant from the coast, and the producers of the lignite coals were entirely averse to anything like a showing, as from the nature of the fuel it would "slack" long before the time of its appearance in the exposition.

In connection with each sample of coal shown there is an analysis of the coal appended, so that the foreigner can judge of the component parts of the American coals, and this ranges all the way from the very excellent and hard coals of Pennsylvania to the lighter coals of Washington. Samples have been secured from Pennsylvania, Maryland, Virginia, West Virginia, Ohio, Illinois, Indiana, Iowa, Kentucky, Tennessee, Alabama; Michigan, Kansas, Indian Territory, Arkansas, Missouri, Wyoming, Utah, Montana, Colorado, California and Washington.

This is so far as the bituminous coal of the United States is concerned, and the anthracite is represented by a display that will attract the attention of every visitor to the exposition, for there are samples of eight sizes—namely, broken, egg, stove, nut, pea, buckwheat, rice and birdseye. Each of these is in a handsome glass case, together with an analysis thereof, the samples being of sufficient size to show what is done in the United States in the anthracite coal regions in the preparation of the coal after it has been mined.

In connection with the exhibit is a statement in regard to the production of coal in the United States, and naturally Pennsylvania stands at the head with its 73,000,000 tons of bituminous coal and about 60,000,000 tons of anthracite, the tops here named being those of 2,000 pounds. The business of each of the carrying companies is also shown, and there is a statement as to the county in which the coal was produced and the distribution thereof to the various portions of the country, together with some interesting facts regarding the export trade up to the end of 1899.

In addition to the samples of coal which will be shown, there are many photographs collected, which will be framed and mounted above the cases, which have a bearing upon the trade, showing the mining of the coal, the carrying of it, the cars and engines used in the trade and the method of shipment. There are photographs showing the air compressors used in coal mines and views of a train of steel cars of 100,000 pounds capacity, such as are used in the transportation of bituminous coal from the Pittsburg district to the shipping points on Lake Erie.

There are also photographs showing a seagoing tug, with two or three of the large coal barges, such as are used on the Atlantic coast to carry coal from Baltimore to places in New England, and photographs of air coal mining machines, such as are used in the bituminous plants of the United States, and a view of the largest bituminous coal shipping port on the Atlantic coast, at which over 2,000,000 tons of coal were loaded into vessels for the coast and foreign trade last year.

Then there are photographs illustrating electric and other mining machines in use in the bituminous coal mines in the United States, views illustrating the steel head frames at the anthracite collieries in Pennsylvania, a view showing an anthracite coal loading station, such as are found along the Hudson and Delaware rivers; photographs showing electric chain mining machines in use in the bituminous mines of Pennsylvania, Illinois, etc.; views illustrating the methods of handling coal on its receipt at one of the Lake Superior coal docks, where a record of 3,000 tons a day is a matter of common occurrence; a view illustrating the loading of coal at a Lake Erie port from the cars into vessels, views illustrating methods of storing and handling anthracite coal at the breakers, where it is prepared for market, and also at the storage places in various portions of the country where the coal is held awaiting a market.

Views are also prepared showing compressed air locomotives, such as are in use in the anthracite coal mines in Pennsylvania, and views showing the method of handling coal at Huron, Lake Erie, where the cars are picked up and the contents thereof dumped direct into the vessel. A large view is given showing a geological section of the formation in the anthracite coal regions, at the Maple Hill colliery, which is one of the most extensive in the anthracite region and particularly interesting as showing the geological formation of the anthracite coal basin. Other photographs of cars used in the anthracite coal trade here between the mines and the tide water loading point, one of wood carrying 40 tons, one of steel with a capacity of 50 tons and of a 90 ton locomotive engine used in the same service, are shown.

So far as coke is concerned, there are samples from the celebrated Connellsville district of Pennsylvania, the product of which amounted to 10,000,000 tons last year. There are also samples from West Virginia from mines in the Kanawha and New river districts and the Pocahontas. Alabama furnishes a sample of very excellent coke, according to the analysis forwarded by the Tennessee company. Indian Territory and Montana also furnish samples of coke, as does Colorado.

This is the first time that an exhibit has been made, either at home or abroad, at local or at international exhibitions of such a character. The usual fashion has been ever since the London exhibition of 1851 to show one or more large pieces of coal, with its place of product and weight painted thereon. Here will be a showing that may astonish the world as to the vastness of the resources of the United States in this line—the name of the mine, its location in state and county given, the name of the operator, analysis and authority therefor. It is expected that it will serve as a means of bringing our coal more than ever to the attention of the foreign user.

REMARKABLE OPERATION.

Prof. Newcomb Cured by Young Doctors of Johns Hopkins Hospital.

Professor Simon Newcomb, the eminent astronomer, has given to the Johns Hopkins hospital museum the crutches he has had for four years, having no further use for them, says a Baltimore dispatch to the New York World.

For 12 years Professor Newcomb suffered acutely from an unknown trouble in one of his legs and during the last four years was compelled to

PROFESSOR NEWCOMB.

go upon crutches. One of his legs became almost useless because of the intense suffering whenever he threw any weight upon it. His case was under diagnosis and treatment by several of the greatest surgeons in the world. Some called it neuralgia; some rheumatism, and of late years the learned pundits settled down to the opinion that his spinal cord was affected.

Recently Professor Gilman of Johns Hopkins university urged Professor Newcomb to come to Baltimore and submit to an examination by some of his "young men." Professor Newcomb accepted the advice and went to Johns Hopkins hospital the next day, where Dr. Llewellyn Barker and Dr. Cushing made a thorough examination and informed Professor Newcomb that they believed his lameness to be due to a diseased nerve in the leg. Professor Newcomb replied that he had already suffered so much agony that he was used to it and told the young men they might begin operations as soon as possible. He declined to take ether because the operation was entirely new and novel, in the surgical annals of America, and he desired to witness it himself, but cocaine was administered, and the cutaneous nerve of the front thigh was laid bare by Dr. Cushing's knife.

A brief examination convinced them that the nerve was diseased, and Professor Newcomb instructed them to cut it out. Dr. Cushing removed the nerve entirely, closed up the wound and put the great astronomer to bed. Since the second day he has felt no pain whatever. In ten days he was able to dress himself and walk about the hospital.

Automobiles In the Far North.

Way up in the Atlin mining district in the Northwest Territories they have the automobile fever. It even ranks in interest with mining. L. H. Griffith, a well known business man, arrived in Seattle the other day from Atlin. He says that a Frenchman named Lamar arrived in Atlin recently with an automobile which he used on Atlin lake much to the wonder and admiration of the miners. The machine went flying around the lake at the rate of 20 miles an hour, says the St. Louis Globe-Democrat, and inhabitants of the district came rushing in to see the strange machine with the eagerness of boys going to a circus.

Probably it is reasonably safe to say that Uncle Sam will ultimately get the Turkey, says the Boston Herald, and the sublime porte the buzzard.

WINE OF CARDUI

How a Woman Suffers.

HOWELL, IND., Nov. 26

I will always praise Wine of Cardui. It has done me more good than all the medicines I have ever taken in my life. Please send a book about female diseases to the ladies whose names I enclose.

Mrs. MINNIE STODGHILL.

McELREE'S Wine of Cardui

It isn't necessary for a woman to give particulars. When she says she has "female troubles", other women know what that means. It means days and nights of endless suffering. It means headaches which no tongue can describe. It means that terrible bearing and dragging down in the lower abdomen. It means agonizing backache, and shoulder ache, and arm ache, and aches in the lower limbs. It means nerves on edge—the blues—despondency and loss of hope. It means debilitating drains that the doctors call leucorrhœa. It means martyrdom—sometimes even death seems preferable. And still Wine of Cardui will utterly put those diseases and pains to rout. It has cured thousands of cases when nothing else on earth would. To the budding woman, to the bride, to the wife, to the expectant mother, to those going through the Change of Life, this Vegetable Wine is a blessing.

RIOTING IN TWO CITIES.

Kansas City and St. Louis Street Railway Strikes

RESULT IN MORE BLOODSHED.

B. L. Kilgere Shot in the Back at St. Louis—Motorman Shoots a Horse—Negro's Skull Opened at Kansas City by a Policeman's Club.

St. Louis, Mo., May 23.—An attempt was made to kill Benjamin L. Kilgere, a non-union man, while he was on his way to the car sheds of the St. Louis Transit company. When near the sheds he was fired upon twice by a man who had been following him. He fell, dangerously shot in the back. He was taken to the sheds. The shooter escaped and the company has offered a reward of $1,000 for his capture.

There were several disturbances caused by attacks of sympathizers on the cars. When a mob tried to stop a car on the Citizens' line, the motorman fired into the crowd, but did no further damage than to kill a horse which was being driven past. The motorman was pelted with stones, but with the aid of the policemen aboard succeeded in getting away uninjured.

On the Cass avenue line, which the company tried to open through the heart of the strike sympathizers' district, there was much rioting. The trolley wires were strung with dummies and obstructions which prevented the operation of the cars, and when the crews stopped to clear them away a fusillade of missiles met the workmen.

It has developed that Miss Minnie Kruger, 18 years old, who was slightly wounded by a random shot fired during a riot, is the grandniece of "Oom" Paul Kruger.

Both sides to the strike claim to be winning, and say the other must yield in a short time. Employes of the company says it lacks men, notwithstanding its claim to the contrary, but it is increasing its force every day, and if present conditions continue, must have its entire system working within a short time. A mass meeting of the strikers was held in Concordia hall. President Mahon of the Street Railway association and others made speeches.

Kansas City, Mo., May 23.—The trouble which has been brewing for weeks between the union and non-union laborers culminated in a riot in which several policemen were badly battered and one union negro was arrested after his scalp had been opened by a policeman's club. In a dozen different places riotous attacks were made on non-union men, and when the police interfered the mobs turned on them. At Eighteenth and Locust streets five officers were assailed by fifty striking hodcarriers. The police were finally forced to use their revolvers. They shot two of the rioters and the rest promptly ran, carrying away the injured. Patrolman Fox had a hand-to-hand struggle with a negro named James Lenox, and the officer beat him nearly into insensibility. Lenox is at the city hospital, suffering from concussion of the brain. He may die. The Hodcarriers' union is mostly made up of negroes. Its members are indignant over the coming here from other cities of non-union men to take their places.

Governor Brady Condemned.

Seattle, Wash., May 23.—The Alaska Republican convention to elect delegates to the Republican national convention met at Juneau May 15, and the following resolution condemning Gov. Brady was passed: "Be it resolved, by the Republicans of the district of Alaska, in convention assembled, That the further continuance in office of John G. Brady as governor of Alaska is inimical to the interests of Alaska and contrary to the wishes of the Republican party, and that a copy of these resolutions be transmitted to the president of the United States."

Frederic A. Bell Is Dead.

New York May 23.—Frederic A. Bell, who made a vast fortune in the bituminous coal business in Philadelphia and who was subsequently president of the Buffalo Elevating company, is dead at his home in Madison, N. J., aged 55 years. He leaves an estate valued at $25,000,000.

Joliet Tinplate Mill Closed.

Joliet, Ill., May 23.—The Great Western tinplate mill was closed down as the result of a strike on the part of all the employes. The trouble is over Superintendent Jones' refusal to promise to reinstate Robert Jones, president of local union No. 26, of the Amalgamated Association of Tinplate Workers, in his old job at the mill. About two weeks ago Jones went to the Pittsburg convention of the Amalgamated association as the representative of the Joliet tinplate workers. On his return he found his position was not waiting for him.

Plan to Welcome Boers.

Chicago, May 23.—Representatives of many professions assembled in Schiller hall to join hands in preparing a reception to the Boer peace emissaries. More than 100 citizens were gathered and in all the proceedings there was manifested an earnest desire to extend to the coming guests a royal welcome. The speakers urged that the committee was composed of 100 Americans whose liberty-loving instincts had arisen above their party leanings.

An Anti-Noise Crusade.

Chicago, May 23.—Chief-of-Police Kipley has issued an order to the police to arrest violators of the anti-noise ordinance. He has gone seriously into the problem, and, with collaborators, has affected "a grand classification of noises" by which he expects to be able systematically to root out every source of noise, vocal and metallic—the calls of venders, the "barks" of "barkers," the shrieks of whistles, the clangor of bells.

Officer Is Shot by Accident.

Muncie, Ind., May 23.—William Stokes, a member of the Muncie metropolitan police force, was injured dangerously by a cartridge exploding in his pistol, which the officer had in his hip pocket. The bullet plowed almost entirely through the officer's body. At the time of the accident Stokes was sitting in a buggy and the cause of the explosion is a mystery.

I consider it not only a pleasure, but a duty I owe to my neighbors to tell about the wonderful cure effected in my case by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I was taken very badly with flux and procured a bottle of this remedy. A few doses of it effected a permanent cure. I take pleasure in recommending it to others suffering from that dreadful disease.—J. W. Lynch, Dorr, W. Va. This remedy is sold by Smiths' Pharmacy, Kodak agents, opposite P. O.

TO CONTINUE THE WAR.

Kruger and Steyn Are Firm in Their Position.

END NOT YET IN SIGHT.

It May Last Two Months at the Shortest Limit—Presidents of the Boer Republics Are Determined to Have Profitable Terms or None.

Pretoria, May 23.—After two days of consultation President Kruger and President Steyn and all the prominent Transvaal and Free State officials and generals have decided to continue the war unless England will consent to grant favorable terms. Steyn and Kruger are both firm and determined to fight, but many of the Transvaal officials favor peace and unconditional surrender. It is problematical how long the Boers will continue to fight.

The government has warned the inhabitants of Johannesburg of its resolution to defend the Witwatersrand to the uttermost, disclaiming responsibility for the destruction of property which is likely to occur. It is believed that the government does not intend to destroy the mines, but is making a bluff. The average Boer believes that destruction is warranted and trouble is likely when the smash comes.

The majority of the Boers are sick of war and want to quit. Their courage may revive. The people are alarmed at the presence of the British prisoners and the government is considering the advisability of sending them over the border. It is not improbable that Pretoria will be defended. The Free State capital has again been moved to Vrede.

Mrs. Reitz and family have gone to Delagoa bay. The families of other officials will be leaving soon. It is believed the war will be practically ended in two months.

Cut Down a British Force.

London, May 23.—It is officially announced that Col Bethune has reported that while marching in the direction of New Castle, Natal, yesterday, he was ambushed by a party of Boers six miles west of Vryheid, in the Transvaal, and that very few of his force escaped. His casualties numbered sixty-six men.

Enjoins Saloon on Railroad.

Springfield, Ill., May 23.—A novelty in the way of an injunction was issued by Judge Allen, of the United States court. On application of Samuel Hunt, receiver of the Toledo, St. Louis and Kansas City Railroad Company, the court enjoined Charles Hackett from conducting a saloon and gambling house on the company's right of way at Oakland. The injunction was asked on the broad, general ground that the place conducted by the defendant is a public nuisance and a menace to the interests of the railroad company.

"Kid" McPartland Knocks Out Ernst.

New York, May 23.—With terrific left-hand blows to the head and body "Kid" McPartland of Manhattan defeated Billy Ernst of Brooklyn after less than six rounds of fighting at the Seaside Athletic club of Coney Island. The end came after two minutes and four seconds of fighting in the sixth round, when Ernst had been floored four times, the referee stopping the bout. Ernst took the place of young Starr of Philadelphia.

Point Claire Is Burned.

Montreal, May 23.—Word has just been received here that the village of Point Claire, a summer resort sixteen miles from here, the headquarters of the Royal St. Lawrence Yacht club during the international races for the Seawanhaka cup, has been almost entirely wiped out by fire. Up to this time twenty houses and several stores have been burned. Two hundred people are homeless. No fatalities have been reported.

Weekly Salary Law Valid.

Anderson, Ind., May 23.—Judge Ryan in the Superior court held the law constitutional requiring factories to pay their employes weekly. The specific cases were against the American Tinplate and the Wright Shovel companies of this city and the American Plate-Glass company of Alexandria. The manufacturers took the stand that the state had no right to legislate against the rights of any person.

Dog Causes a Fatal Wreck.

Larimore, N. D., May 23.—Superintendent Donkin, of the Dakota division of the Great Northern railway, was accidentally killed here. He was on his way to Inkster on his railroad gasoline motor, when a small dog crossed in front of the machine, throwing him and the car from the track. He was brought to this city, where he expired. He leaves a widow and four children.

You Try It

If Shiloh's Cough and Consumption Cure, which is sold for the small price of 25 cents, 50 cents and $1, does not cure take the bottle back and we will refund your money. Sold for over fifty years on this guarantee. Price 25 cents and 50 cents. Sold by J. P. Baker.

He saw the hole in the sack when he was filling it. But it was such a little hole that he thought it wouldn't matter. Out of that little hole he lost his grain while taking it to market.

It's that way with holes in the health. None are so small but life can leak out of them. "I've got a *little* touch of indigestion" says one man. Another says, "my stomach feels a *little* out of sorts." It is just such little things which if neglected mean the total loss of health.

The one medicine for disorders and diseases of the stomach and organs of digestion and nutrition is Dr. Pierce's Golden Medical Discovery. It increases the activity of the whole digestive and nutritive system, clears away obstructions, stops the loss the body sustains by undigested or partly digested food, purifies the blood from the poisons resulting from imperfect digestion, and increases the secretions of the blood-making glands. "Golden Medical Discovery" has a wonderful record of cures of so-called "hopeless" cases.

Mr. Thos. H. Rudasill, of Henry, Lincoln Co., N. C., says: "After having suffered from inaction of the liver and all the troubles usually attending such a condition for over twenty years, and having deluged my system with floods of medicine from every available source, and being only temporarily benefited thereby, I applied to your institution for treatment You instructed me to take a course of Dr. Pierce's Golden Medical Discovery, which I am now doing. Although unable to strictly follow directions I have derived more actual benefit from the few bottles I have taken so far than from all the other remedies together.

Allow me to thank you for your prompt and courteous attention to my case as well as for the good received from it."

Gloves for the Feet...

That is what you will say if you wear a Foster Shoe. They are the best made. We have talked with many ladies and find that no Shoe is as popular as a Foster. You once wear a pair and you never again will be satisfied to wear anything else. Like everything else that is the best it is the cheapest in the end. It will wear longer; it is always a perfect fit; it is a leader in style. We have just added to the line a new hand channel sole which is as flexible as a turn, and in weight, just between a welt and turn. It has the upper stock the same as in higher priced grades and made on the same lasts, but by this new process of hand channeling the sole, we buy it so that we can now sell it at . . .

POINTER NO. 1, OR READY-TO-WEAR CLOTHES

The Business of Clothes Making Is a Fine Art,

But, as in the other arts, the real artists are rare It takes years of work to acquire the skill of making the right kind of clothes. When YOU buy clothes you should know whether you are buying the right kind.

There is but ONE of two things to do—Either buy a good ready to wear suit or a good made to measure suit. A cheap suit of either kind is TRASH, You get only a poor fit if you buy a cheap suit made to order—it is nothing more nor less than the cheap making that is put into the poor class of ready-made suits. Don't go against either of these games. Put your money in good stuff and then be satisfied all the time you are wearing it.

Our Ready-to-wear Suits at $15 and Upwards

Are made by wholesale tailors who have achieved high reputation for skillful and artistic tailoring. They make our clothes right. Our $15 00 suits are not equal to the suits made by the merchant tailor who must charge you $40.00, but are superior in every respect to the trashy made to order suits that are sold from samples and gotten up in the dirty Chicago sweat-shops and which you must pay $18 to $25 for.

Just give this matter a thought when you are ready to buy your next suit.

The fiannel stripes and blue serge sack suits are the proper things for the season coming. We show many styles at $15.00 and upwards.

We have a first-class tailor to make any changes necessary.
